# Yvonne - Redistribution TAS - My idea on the proposed Tasmanian redistribution

## Idea details

**Idea:** Boundaries  
**Details:** Clark was created to capture the unique circumstances of the east shore of the Derwent from Kingston to Bridgewater. We are a metropolitan electorate designed to represent the metropolitan population. This identity is so crucial that we have been trying to merge Glenorchy and Hobart into the council of Clark at the local government level. Its an absolute disaster to split up the core metropolitan area of greater Hobart, into not one but two rural electorates. Under your plan our city will be covered entirely by rural electorates. As a resident of Glenorchy this is absolutely ridiculous and completely destroys planning policy. Thank you, please reverse this immediately.
