## Submission on the proposed Tasmanian redistribution details

**Category:** Names

**Details:** In my view consideration should be given to naming the proposed electorate of Clark, Franklin instead and vice versa. The historic town of Franklin, named after Lady Jane Franklin would then fall within the electorate which was named after her husband. It just seems more fitting as they had a very close connection with the Franklin area. Andrew Clark was obviously a prominent Tasmanian but to my knowledge, had no particular connection with the Huon Valley but was born in Hobart, so it would seem more or equally appropriate for the proposed electorate of Franklin to bear his name.
