Submission on the proposed Tasmanian redistribution details

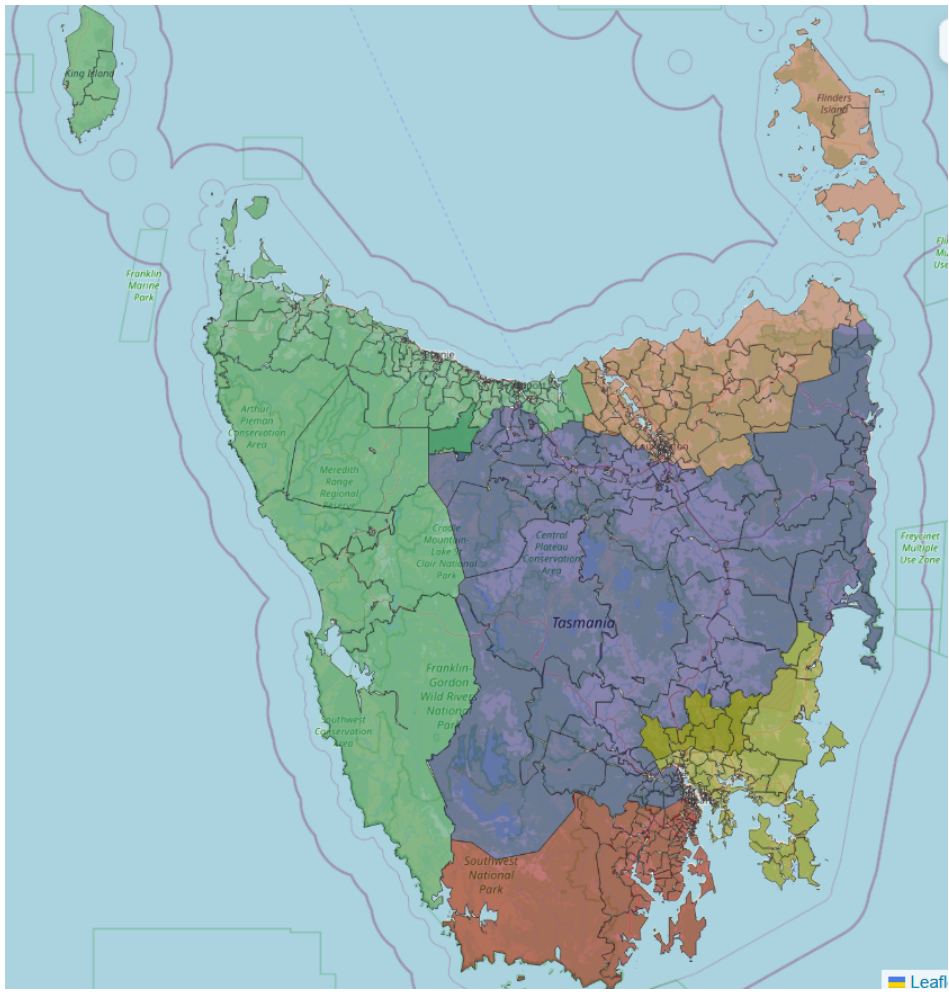

Category: Names

Details: The current draft is far from ideal but unfortunately I am far too late to suggest a major change. There are issues such as Bass over quota and Brighton being cut-off from Glenorchy, but the most glaring problem however is how Runnymede is excluded from Franklin despite one having to pass through the town to get from one part of Franklin to another (If you are to make one single change, moving Runnymede to Franklin should be it)

In addition I've attempted to remedy the issue of traveling from Lyons Franklin (Brighton) Lyons by adding some extra SAs north of Brighton (Mangalore, Bagdad, Campania, Colbrook) to the Franklin division, at the expense of giving Swansea and northwards back to Lyons (which also reduces the "snaking" of Franklin)

This does break both the Southern Midlands and Glamorgan-Spring Bay LGAs in half, but I don't believe sticking to LGAs is necessarily the right way to go about this redistribution and it causes serious issues if you do (Look at Runnymede)

Ideally, Kempton should also be in Franklin but the tool I am using does not allow me to split the SA1 just below Melton Mowbray (which should stay in Lyons as it connects Oatlands and Bothwell).
