TASMANIA FEDERAL ELECTORATE REDISTRIBUTION

BY LUKE DIXON

RATIONALE

For the purpose of the state of Tasmania I have submitted the following proposal, with the aim to create electorates **that are equitable in terms of voters** (as much as possible). There will not be a primary focus on maintaining Local Government Areas/Councils within singular electorates as per the current electoral conditions, although this has been taken under consideration where possible.

For the purpose of this proposal each electorate will be broken down into five distinct sections;

- 1- CLARK (Central + Southern Hobart)
- 2- FRANKLIN (Eastern, Northern + Outer Hobart)
- 3- BASS (Launceston + Launceston surrounds)
- 4- BRADDON (North West Tasmania)
- 5- LYONS (Regional + Central Tasmania)

ELECTORATAL CHANGES: AIM

To achieve this goal a table was formulated on the basis of how many voters each electorate is either over allotted or under allotted based on the **2030** data provided on the AEC site. I have additionally stated the amount of voters I aim to move, to the nearest thousand, between electorates. This will be a 'Net' total, eg the overall net number of voters moved into or out of an electorate.

+8: LYONS
(6 to Franklin, 4 to Bass, 2 from Braddon)

+3: FRANKLIN
(9 to Clark, 6 from Lyons)

+2: BRADDON
(2 to Lyons)

-4: BASS
(4 from Lyons)

-9: CLARK
(9 from Franklin)

PROPOSED CHANGES: OVERVIEW

The major changes to the current electorates are as follows.

1- CLARK: Gains extra voters from the Kingston area to account for an under allotment of voters. Loses a small section of Northern Hobart to account for taking in the entire Kingston suburban area.

2- FRANKLIN: Gains 'suburban' areas of Hobart to the cities north and eastern suburbs to make a secondary Hobart electorate. The new electorate will be connected by land throughout without an 'Ocean gap' as per the current electoral settings.

3- BASS: Gains areas within and in the immediate area surrounding Launceston to ensure all Launceston voters are in the one electorate. Some 'regional' areas of the electorate will be moved to the Lyons electorate.

4- BRADDON: The electorate loses areas from the Central West Region of the state to Lyons. The electorate will now be exclusively based within the South East region of Tasmania.

5- LYONS The electorate will gain all 'non suburban' or 'regional' areas of Tasmania. As much as possible the electorate will not contain areas located within Hobart, Launceston and the North-West Tasmanian corridor.
