

Submission S5

Roger Nye

The Electoral Redistribution Committee for A.C.T.

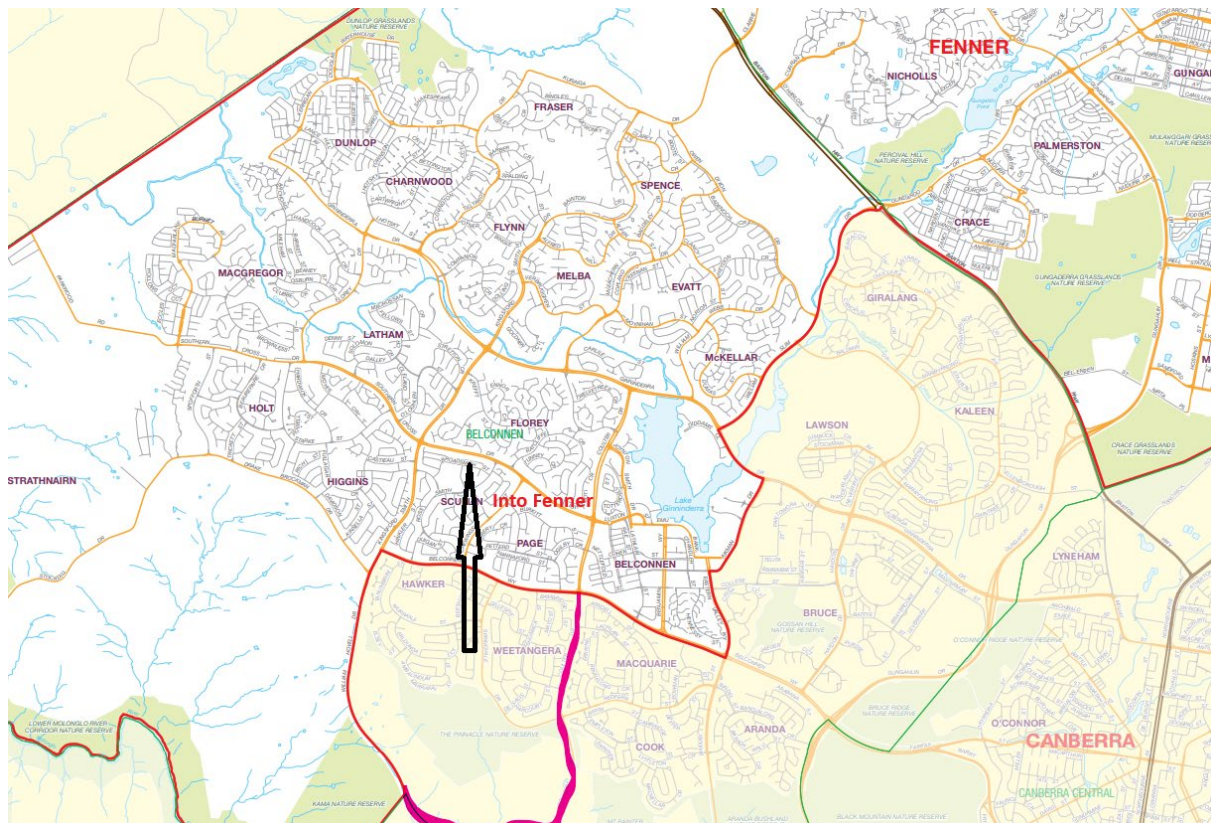

Dear Commissioners,

I would like to present a submission relating to the redistributed boundaries for the A.C.T. divisions of Canberra, Fenner and Bean.

The main aims of my submission are to unify more of the Belconnen area within the Division of Fenner and to unify more of the Woden Valley area within the Division of Bean.

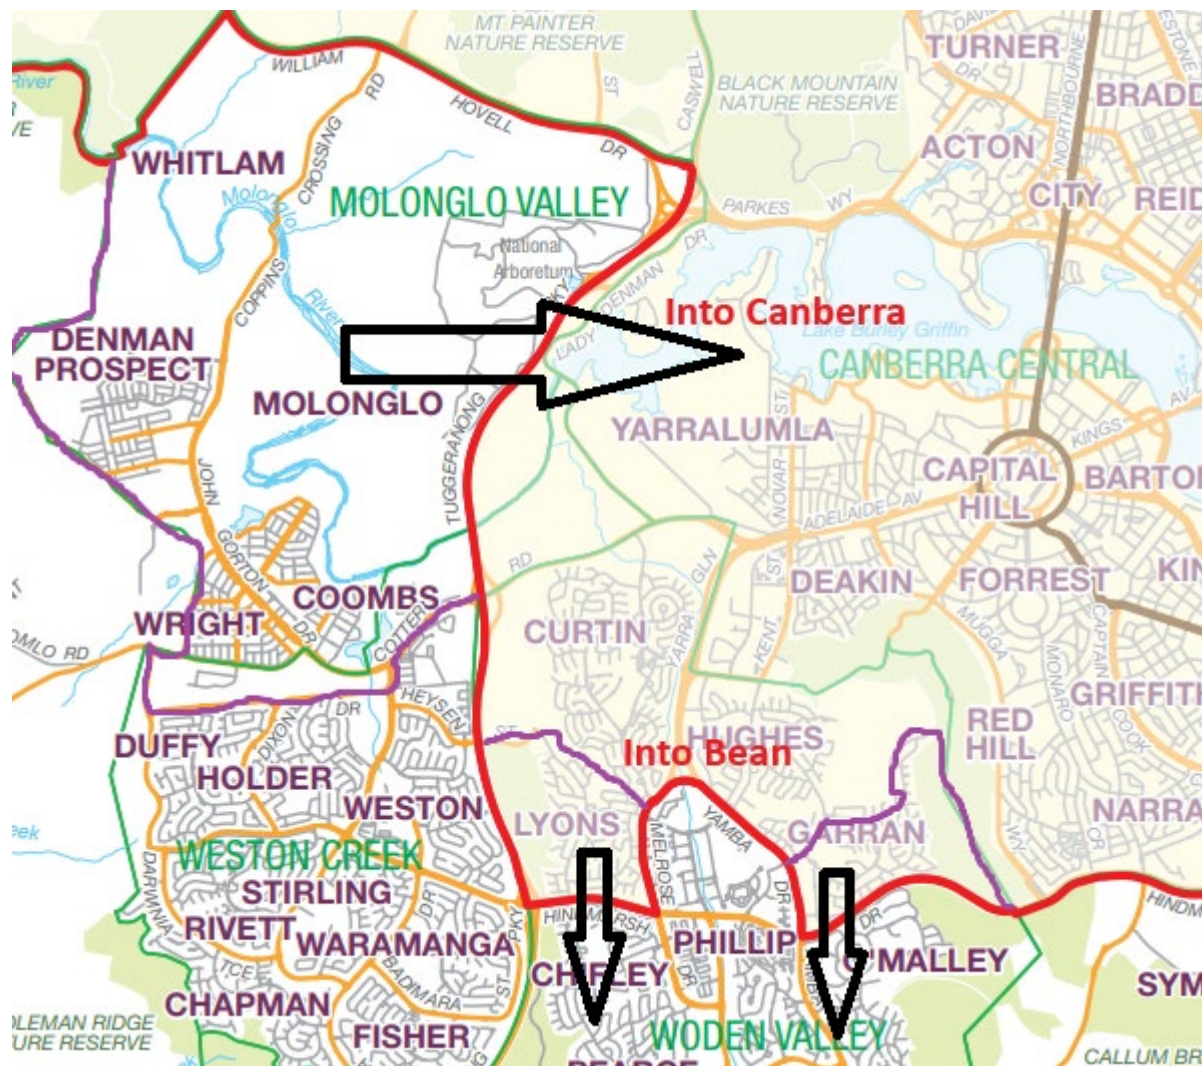

To achieve this, I would suggest making the following changes to the borders of the Divisions within the A.C.T.

Move entirety of the SA2's of Weetangera (801011026) and Hawker (801011013) from Canberra into Fenner. Boundary can be everything West of Coulter Drive is in Fenner. This brings more of the "Belconnen" area together in Fenner.

Move entirety of SA2's of Whitlam (801101146), Molonglo (801101137), Molonglo-East (801101145), Denman Prospect (801101136), Wright (801101139) and Coombs (801101135) along with the Duffy SA1 of 80108109209, Holder SA1 of 80108109402 and Weston SA1 of 80108109811 from Bean into Canberra. Using Cotter Road, Dixon Drive & Warragamba Avenue as the boundary.

Then move the entirety of the Garran SA2 (801091102) and Lyons SA2 (801091105) from Canberra into Bean.

These changes would leave Actual enrolments as of 12 August 2025 and Projected enrolments as of 8th April 2030 of (all within the acceptable ranges):

Division	Actual	Projected
BEAN	107923	111782
CANBERRA	104414	116688
FENNER	109542	116055

Thank you for considering my submission.

Regards

Roger Nye
