Submission details

Submission:	Boundaries
Details:	I would like to state my support for suggestion S59, submitted by Maggie Perry. I particularly like the way this suggestion neatens the boundaries in the Gold Coast and North QLD areas. I also would like to make one small suggestion that I didn't see in any of the initial submissions - that the Brisbane Airport be moved to the electorate of Brisbane. Such a change would only affect about 200-300 electors in the area of Eagle Farm - Pinkenba, meaning they can be moved with little impact on electorate quotas. These suburbs are fairly disconnected from the rest of the electorate of Lilley and would likely be

better served by being moved to Brisbane. Existing transport connections to the airport mean that the airport itself and associated businesses may also be better represented by a CBD-based member (though you should probably ask them).

Finally, I think that The Lizard Queen (suggestion S29) has some very notable suggestions that the electoral commission would do well to give due consideration to. I'd hate to think what might happen if she were ignored...
